

BONDAFLEX PUR 25 is a one-part, flexible, multi-purpose polyurethane sealant. Cures in the presence of atmospheric moisture to provide a weatherseal and an elastic bond to fasten materials which have dissimilar coefficients of expansion. Textured colors are also available.

BONDAFLEX PUR 2 NS & SL are two-part polyurethane field pigmentable sealants available in these plus 51 additional colors. Refer to our brochure or visit our website www.bondaflex.com.

BONDAFLEX STP 25 is a one-part, fast curing, multi-purpose silyl-terminated polyether sealant. Cures in the presence of atmospheric moisture to provide a weatherseal or bond materials which have dissimilar coefficients of expansion. It combines many of the benefits of silicone and polyurethane sealants; long life, toughness and paintability.

BONDAFLEX Sil 200 GPN is a one-part neutral cure sealant that cures in the presence of atmospheric moisture to produce a durable and flexible silicone rubber. It is designed as a general purpose weatherseal and adhesive. Also available in translucent.

BONDAFLEX Sil 295 is a one-part neutral cure high performance silicone sealant that cures in the presence of atmospheric moisture to produce a medium modulus silicone rubber building sealant. Best suited for glazing, metal curtainwall and weatherseals in concrete, masonry, EIFS and stone systems.

BONDAFLEX Sil 290 is a one-part neutral cure silicone sealant that cures in the presence of atmospheric moisture to produce a durable, flexible ultra-low-modulus building sealant. Excellent for high movement joints, concrete, EIFS, and curtainwall.
